For Those Applying for ACTIVE WAITING LIST

The Alamo Area SKP Co-Op (LSC) is a retirement community as defined in the HOPA Act of 1995. HOPA defined the statutory definition of housing for older persons as housing intended and operated for occupancy by at least one person 55 years of age or older per unit. The Act establishes a good faith reliance defense or exemption against monetary damages for persons who legally act in good faith to exclude children based on a legitimate belief that the housing facility or community was entitled to the exemption. The Act requires that facilities or communities claiming the exemption establish an age verification procedures.

In order for the LSC to claim the exemption, the LSC must verify that at least 80% of the membership lots are occupied by at least one person that is 55 years of age or older. To make the awarding of memberships to those on the AWL go smoothly, you are requested to verify that one of you is 55 years of age or over. A birth date is not required.

If you have dependent children that will be living/traveling with you, your status on the AWL will be affected. If you have two named people on your AWL application, one of the named people should be over the age of 55. If neither is over the age of 55, your status on the AWL may be affected. The same 55 years of age or older requirement applies to a single, meaning one, person making application.

Please sign and return with your application.
